The Committee meets on the 3rd Thursday of every month at 4 Wembley Ct, Albany at 1PM.

The minutes have been rearranged to have Corporate Real Estate and Safety items listed first so that when Jim is here we can go over those items 1st before he leaves for Syracuse.

Joe M is on vacation this week

OLD BUSINESS

REAL ESTATE

State St

Menands

COs

Valley Falls has a lot of floor tiles that are popping up and a ticket was put in for it being a trip hazard. Joe mentioned that they need to have a price estimate to submit it for approval. This job may have to be done in phases. Beth had told them that we are used to that because Wash Ave had all the floor tiles removed and it was over a year before new tiles were installed.

8-17-23 Nothing is happening yet. Hillman needs to give an estimate. Will be with EH&S. Did put in a new step to get into the building.

9-21-23 Per Joe they are still working with Hillman on Valley Falls. He spoke to Jim Davis and wants to figure out the best way to handle the abatement. It may have to be done in stages. May do the front half and isolate that and just have people use the rear door for entry. They are working with Hillman to get estimates.

10-26-23 Joe mentioned that we aren't close to getting quotes yet. Did speak to 2 vendors on how we should go about doing it because we can't shut down the CO. Possibly do half of the

floor at a time. Shane, from Hillman, is still trying to get the vendors out to get ricing. State St is keeping the vendors busy and there was an abatement recently done in Sharon Springs for the roof ridge vent. They will also need to remove asbestos tile in Saratoga and there is no date on that yet.

11-16-23 Saratoga floor tiles have been removed

Jonesville CO will be getting paved. October 23 is a possible start date. It will be a rip out and replacement.

10-26-23 The ripout has already begun

11-16-23 Jonesville done. OK to remove next month

Beth mentioned that Jonesville has mice. There were droppings on the desk. Beth put in a ticket for cleaning and disinfecting the desk and to put down the sticky traps. There have also been an increase of mice getting caught in the sticky traps in Clifton Park. It is that time of year when mice start to make their way indoors.

10-26-23 Beth mentioned that Deb from Global had gotten the tickets to remove the dead mice but they are not supposed to be the ones to put up new traps. Beth doesn't feel the need to have to put in 2 tickets. 1 for the removal and another asking for new glueboards. Joe asked Beth to send him an email on that and he will follow up on it.

11-16-23 It is OK to put in 1 ticket. Can remove this next month.

Mechanicville has many openings under the doors. Photos of this were sent to Susan with Cushman Wakefield and provided to Joe M so the gaps can be closed to help prevent mice from entering the building.

Joe mentioned that the sidewalk is being replaced at Clinton St. Waiting for the cement to be poured possibly on Tues next week.

11-16-23 Per Desmond, this is complete. OK to remove next month

CORPORATE SAFETY

State St

Water

3-17-22 Theresa brought this up to Michele. This isn't an issue now. Committee decided to hide this for now and bring up again when it is an issue. Refer to March 2022 minutes for previous notes

11-16-23 The domestic water lines are being replaced at State St. The fire pump will also be replaced and the room repaired.

MENANDS

FSC has issues with workload and stress load. The things that the managers are expecting of them is too much. The number of Saturdays to work is a lot. The increased the type and amount of work to do with lack of training. Beth will talk to Amy off line to get more specifics.

5-18-23 Beth did talk to Amy and to Debbie about the stressors in the workplace. Beth had gotten information about a scientifically proven method to measure stress in the workplace. Just waiting to hear back from Micki to see if we would be able to use that for our groups.

7-20-23 still stressful in work group

8-17-23 Bob will reach out to Micki. Beth asked if EAP classes are an option. Need to ask Amy if EAP was requested.

9-23-23 Bob got the OK from Micki to reach out to Dave to set up. Will also include Theresa Devine, Deb Lamountain and Amy.

10-26-23 Will continue to try to reach out to Micki and Dave Legrande.

11-16-23 A meeting is scheduled with members of the safety committee and Dave Legrande

TROY

COs

COVID - Sean mentioned that in Local 1120 COVID is increasing in that area and is considered as a hot spot. He instructed his managers to keep a stock of wipes and PPE if people want them.

Joe mentioned that the overhead sheetrock at the 3rd St garage will be worked on in the beginning of October. He is still working things out with Jim Davis.

MISC

Ergonomics -

Question was asked if we can get a new ergo training for train the trainer.

2-16-23 Bring this up in April. How can we adapt to work from home.

3-16-23 No updates as far as ergo training. The training is not coming up since they are working from home.

4-13-23 Beth will have to get in touch with Micki Siegel about the ergonomics and if there are any adjustments to be made with the existing program.

5-18-23 IBEW is doing one on one ergo training for anyone that requests it. They were told that anyone with special chairs or workplace accommodations could not be helped. Alyssa is not sure why since they have always assisted them in the past.

Beth hasn't heard back from Micki regarding CWA.

7-20-23 Alyssa doing ergo training with Blue Jeans conference calls and that is going well.

8-17-23 Blue Jeans is going away. Beth asked Alyssa how she worked it to see their setup. Alyssa does ask them to turn their camera on and show their desk. If they don't want to show her then she tries to tell them how the workstation should be set up. Alyssa puts herself on camera and show her workstation. They do have laptops that are separate from the monitors and keyboards which makes it easier to use the camera to show the workstation.

9-21-23 Alyssa and Anita stated that the BlueJeans conference worked out better than they expected. If the person had gotten a Drs note for a chair or a desk then they would not be able to help them. Their group did have a lot of people who wanted it and had good feedback. Alyssa was able to pull up the ergonomics power point on the eweb and share her screen with those on the conference with her.

Beth brought up that CWA had issues with the company putting their training online in the past because the Union wasn't involved with the development. Bob will ask Micki, when he sees her, if there was any discussions about it with the union.

Alyssa said she took the ergonomics class 10 years ago and would like a refresher. Beth agreed.

10-26-23 Will continue to try to get in touch with Micki

11-16-23 Micki shared that they have not had an internal discussion or with the company about ergonomics. She believes that part of the approach will require the company to revamp the training. She will raise this with the district. She did state that is is not a small undertaking.

Tier 2 Duties –

CWA1118.org has the Tier 2 inside safety minutes for everyone to read.

Safety meeting ideas – Beth removed this section till we all are returned to work in the offices. Groups are continuing to have their quarterly safety meetings while working from home.

IBEW Tier 1 suggested doing Work From Home safety issues such as fire safety. Incorporate safety at home – fire plans, vehicle safety etc. Can also touch base on mental health, stress, anxiety and cord management. EAP should still be used for classes since the company pays for them.

Amy's group absorbed people from the operator group so she isn't sure if they ever got ergo training.

8-17-23 Not sure if they have been trained.

9-21-23 The operators were never allowed ergo training. They haven't had training with the FSC either. Beth suggested reaching out to them and asking if they would like an evaluation done to help set up their workstation.

10-26-23 Amy wasn't in the meeting to follow up

11-16-23 Amy said that the operators wasn't approached yet to see if they needed help with their work space setip.
